

# What's new in **YAF?**

## YEAST-BASED SOLUTIONS FOR SUSTAINABLE AVIATION FUELS

### YAF Highlights

-  Fermentation Technology for Production of High-Value Chemicals from Residues by Non-Conventional Yeast **May 2025 - DTU**
-  Synthetic Biology of Non-Conventional Yeasts **August 2025 - TUT**
-  2<sup>nd</sup> Annual Project Meeting **November 2025 - ABO**
-  Professional Development for Young Scientists **November 2025 - hfp consulting**
-  Leadership and Management Skills Course for Supervisors **November 2025 - hfp consulting**

**Nicolas Fink**  
Annual EEBio event

**Marta Yabar**  
Conference & Expo on Biofuels and Bioenergy

**Maria Spinosa**  
MSCA Presidency Conference 2025

**Ishiak Chowdhury**  
Green ERA-Hub Summer School 2025

### YAF Interviews with Supervisors and DCs

-  DC3 - Laura de Freitas
-  Supervisor DC3 - Rodrigo Ledesma-Amaro
-  DC4 - Nicolas Fink
-  Supervisor DC4 - Francesca Ceroni
-  DC5 - Abdullah Nasir
-  Supervisor DC5 - Juliano Sabedotti De Biaggi
-  DC6 - Sofia Recchia
-  Supervisor DC6 - José Luis Martínez

### YAF Talks

**Talk 1** - Unlocking the Power of Biotechnology to Revolutionize SAF

**Talk 2** - From Lab to Production: Full-System Modelling for Yeast-Based SAF
